TEACHER REVIEWS

“Definitely a go-to for letter formation, recognition and sound skills. Love the included task cards for each letter. They come in handy with my literacy intervention group.” –Ginger C.

“These activities are a fun and engaging way to practice and demonstrate understanding of letters and sounds repetitively! The students enjoy them too!” –Kim G.

“This is a great resource! Right now (in the beginning of the year), I am using it to see where the students are at and also to build their confidence. Later in the year, I plan on using the cards during my intervention groups.” –Heather I.
