

DRAW AND SOLVE

ADDITION & SUBTRACTION

Name: _____

Draw and Solve

Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

<p>Cross out 4 ice cubes from the glass.</p> $8 - 4 = 4$	<p>Cross out 2 ice cubes from the glass.</p> $8 - 2 = 6$
--	--

30 worksheets made to practice addition and subtraction using pictures

Perfect for transitioning students from solving using manipulatives to pencil/ paper activities

Includes themes that can be used at any time throughout the year

Great to use as a review, math centers, small group activities or homework

Name: _____

Draw and Solve

Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

<p>Draw 2 red buttons and 5 blue buttons in the jar.</p> $2 + 5 = 7$	<p>Draw 3 red buttons and 5 blue buttons in the jar.</p> $3 + 5 = 8$
<p>Draw 8 red buttons and 2 blue buttons in the jar.</p> $8 + 2 = 10$	<p>Draw 4 red buttons and 4 blue buttons in the jar.</p> $4 + 4 = 8$
<p>Draw 0 red buttons and 7 blue buttons in the jar.</p> $0 + 7 = 7$	<p>Draw 6 red buttons and 4 blue buttons in the jar.</p> $6 + 4 = 10$

Cross out 0 ice cubes from the glass.

 $8 - 0 = 8$
Draw 7 blue ice cubes in the glass. Then, cross out 3. $7 - 3 = 4$ 

What's included?

15 ADDITION PAGES

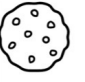

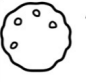

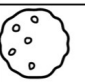

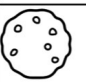

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Add 4 spots to the giraffe. $__ + __ = __$	
 Add 3 spots to the giraffe. $__ + __ = __$	

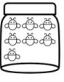

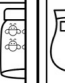

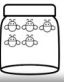

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Add 0 chocolate chips to the cookie. $__ + __ = __$	 Add 6 chocolate chips to the cookie. $__ + __ = __$
 Add 4 chocolate chips to the cookie. $__ + __ = __$	 Add 1 chocolate chip to the cookie. $__ + __ = __$

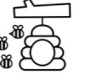

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Add 2 fireflies to the jar. $__ + __ = __$	
 Add 6 fireflies to the jar. $__ + __ = __$	
 Add 4 fireflies to the jar. $__ + __ = __$	

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Add 5 bees to the beehive. $__ + __ = __$	 Add 6 bees to the beehive. $__ + __ = __$
 Add 8 bees to the beehive. $__ + __ = __$	 Add 2 bees to the beehive. $__ + __ = __$
 Add 4 bees to the beehive. $__ + __ = __$	 Add 2 yellow bees and 5 black bees to the beehive. $__ + __ = __$

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Add 2 pepperonis to the pizza. $__ + __ = __$	
 Add 6 pepperonis to the pizza. $__ + __ = __$	
 Add 3 pepperonis to the pizza. $__ + __ = __$	

Name: _____

Draw and Solve
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

 Draw 4 red sprinkles and 3 blue sprinkles on the donut. $__ + __ = __$	 Draw 0 red sprinkles and 6 blue sprinkles on the donut. $__ + __ = __$
 Draw 6 red sprinkles and 4 blue sprinkles on the donut. $__ + __ = __$	 Draw 1 red sprinkle and 3 blue sprinkles on the donut. $__ + __ = __$
 Draw 2 red sprinkles and 2 blue sprinkles on the donut. $__ + __ = __$	 Draw 7 red sprinkles and 2 blue sprinkles on the donut. $__ + __ = __$

- ✓ Save on color ink, all pages are blackline and printer-friendly
- ✓ Use the pages to introduce, review, or remediate
- ✓ Multiple pages provides students with many opportunities for practice.

15 SUBTRACTION PAGES

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 3 pencils from the cup.
- =

Cross out 2 pencils from the cup.
- =

Cross out 5 pencils from the cup.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 0 apples from the basket.
- =

Cross out 2 apples from the basket.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 3 pancakes from the stack.
- =

Cross out 6 pancakes from the stack.
- =

Cross out 7 pancakes from the stack.
- =

Cross out 2 pancakes from the stack.
- =

Cross out 5 pancakes from the stack.
- =

Draw 4 brown pancakes. Then, cross out 2.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 4 beads on the string.
- =

Cross out 6 beads on the string.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 3 crayons from the box.
- =

Cross out 8 crayons from the box.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 3 balloons from the bunch.
- =

Cross out 6 balloons from the bunch.
- =

Cross out 2 balloons.
- =

Cross out 1 balloon from the bunch.
- =

Cross out 5 balloons from the bunch.
- =

Draw 4 blue balloons.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Draw 9 red candles on the cake. Then, cross out 4.
- =

Draw 7 red candles on the cake. Then, cross out 5.
- =

Draw 5 red candles on the cake. Then, cross out 2.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Draw 7 pink petals on the flower. Then, cross out 1.
- =

Draw 5 pink petals on the flower. Then, cross out 4.
- =

Draw 10 pink petals on the flower. Then, cross out 3.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 8 fries from the box.
- =

Cross out 6 fries from the box.
- =

Cross out 2 fries from the box.
- =

Cross out 3 fries from the box.
- =

Cross out 4 fries from the box.
- =

Draw 7 yellow fries in the box. Then, cross out 5.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Draw 7 orange fish in the bowl. Then, cross out 3.
 $7 - 3 = 4$

Draw 4 orange fish in the bowl. Then, cross out 6.
 $9 - 6 = 3$

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 9 seeds on the watermelon.
 $10 - 9 = 1$

Cross out 5 seeds on the watermelon.
 $10 - 5 = 5$

Cross out 4 seeds on the watermelon.
 $10 - 4 = 6$

Cross out 6 seeds on the watermelon.
- =

Draw 8 orange fish in the bowl. Then, cross out 4.
 $3 - 4 = 4$

Draw 10 orange fish in the bowl. Then, cross out 1.
- =

Name: _____ **Draw and Solve**
Directions: Read the directions in each box to finish the picture. Then, write a number sentence to match.

Cross out 4 ice cubes from the glass.
 $8 - 4 = 4$

Cross out 2 ice cubes from the glass.
 $8 - 2 = 6$

Cross out 6 ice cubes from the glass.
 $8 - 6 = 2$

Cross out 0 ice cubes from the glass.
 $8 - 0 = 8$

Cross out 3 ice cubes from the glass.
 $8 - 3 = 5$

Draw 7 blue ice cubes in the glass. Then, cross out 3.
 $7 - 3 = 4$

- ✓ Consistent directions to help students work independently
- ✓ Interactive pages that incorporate drawing.
- ✓ Multiple pages provides students with many opportunities for practice.
