# About this resource...

Mini Eraser Mats were designed to help students practice letter and number formation along with building fine motor skills. This resource includes eleven fun seasonal mats with matching uppercase letter, lowercase letter, and numbers to 20 cards as well as one set of generic cards with mat.

These card sets are great for small group, independent practice, and early finishers.

To prepare this activity print and laminate the mat and cards then cut apart the cards. You can punch a hole in the letter/number cards and keep them on a ring for easy organizing. You can also just print and laminate the themed mats and use the generic cards each month. Students can use mini erasers, small manipulatives, wiki sticks or playdough to form the letters/numbers. You can also have them use chunky tweezers for extra fine motor practice.

How to play: Students will select a card from the deck, place the card in the upper right-hand corner of their make it mat, and create the letter or number using the provided manipulatives. **Tip:** Shuffle the cards so that the students are not provided the letters or numbers in order.
